## ALLEGED SUGAR TRAFFIC BARED

### Two Arrested in Salt Lake Charged With Stealing Sweet Product

SALT LAKE, May 20.—S. A. Thomas, alias Hills a brakeman and F. Branner, a licensed expressman, 946 California street were arrested at First South and West Temple streets at an early hour yesterday morning after an exciting chase through the business and residential districts of the city. The men are charged with stealing 300 sacks of sugar from the warehouse and freight cars along the Ore line.

Chief Deputy Sheriff W. E. Schoppe in charge of the posse, with Floyd T. Jackson of the department of justice, Chief Criminal Deputy V. A. Christoferson, and Deputy Sheriff Walter Barnes, Hughes, Turnbull Mathews and Cassidy, took into custody Thomas, a brakeman, and R. L. White, 50 N. First West street, said by the deputy sheriff to be an outlaw switchman.

Information had been furnished the sheriff's department here that acute rate business in sugar was being done by a gang of thieves operating on the Oregon line, the D. & R. G. and the Oregon Short Line, and yesterday the posse that made the arrest was the lookout for members of the gang when they saw a light delivery truck driven by Branner with Thomas sitting on the seat beside him. Branner noticing the occupants of a high powered automobile at Ninth South street became suspicious and started speeding, and the deputies in the automobile gave chase and made the capture. The truck contained thirty sacks of sugar.

Other railroad employees supposed to be members of the gang will probably be arrested today.

### Sues James Pingree for Sales Commission

Alleging that \$7280 is due him for commission for the disposal of stock of the Ogden Packing and Provision company for stock of the Land Development company of Salt Lake, Glen J. Hudson has filed suit in the district court against James Pingree, last president and treasurer of the packing company.

The complaint alleges that on November 15, 1919, Pingree employed Hudson to obtain 51,597 shares of the Land Development company's capital stock for 164 shares of the Ogden Packing company's stock and \$8000 additional. The complaint alleges that Pingree agreed to pay Hudson 7 per cent commission if the deal was made.

Hudson charges that the deal was completed and that Pingree has refused to pay him the commission on the 164 shares of the packing company, which was worth \$104,000 at the time, it is alleged. The attorneys for Hudson are Marioneaux and Beck of Salt Lake.

The copy of the complaint and summons have been served upon Mr. Pingree who is now in Devil's Slide, at which place he has made his headquarters since resigning from the Pingree National bank ten days ago.

## ACTRESS CALLS TRAPPING CRIME

### Mrs. Minnie Maddern Fiske Says Women Should Not Wear Furs

Mrs. Minnie Maddern Fiske, the actress, who played here last night, is president of the National League to Conserve Food Animals, which has headquarters in the Munsey building, Washington, D. C.

The principal object of the league is to educate and arouse public sentiment with respect to the enormous annual waste of food through losses of range stock by starvation.

Mrs. Fiske takes advantage of her theatrical tour to spread the propaganda which the organization gets out in connection with its move to stop the waste and also the cruelty of animals starving to death by the thousands.

Mrs. Fiske is also opposed to the trapping of animals for furs and in this connection has sent a letter to The Standard-Examiner, the text of part of which follows:

"The editorial board of the Boy Scouts organization has refused to allow the printing of all fur and trapping advertisement in all scout publications. This is the most progressive act of the most progressive organization in the United States. The fact that other juvenile magazines continue to print these advertisements raises a moral question of far reaching importance:

"Are boys to be encouraged to doom to torture and lingering death helpless creatures caught by cunning and deceit?"

"The writer has been in close touch with trappers and with the business of trapping for 20 years. From every angle it is the lowest and most despicable business on earth. It is difficult to believe that the woman lives who would consent to wear trapped furs if she were obliged to witness the tragedy of their procuring."

In a statement Lewis said: "We have repeatedly called the attention of Governor Cornwell to the terrible conditions existing in the Guyan river, Tug river, Little Coal river and Pocahontas coal fields of West Virginia. In all of these districts police powers have been assumed by the private detectives in the employ of coal companies.
